

Thank you for your invitation for Rosneft to act as the Official Partner of RPGC 2010, the 8th Russian Petroleum and Gas Congress.

Rosneft, as the Official Partner of the Oil Day, will participate in the work of the Programme Committee, and a senior representative of the company will present a paper at the plenary session on the first day, and during the Oil Day. The company will also provide media support for the congress in subsidiary businesses.

I am confident that the event, like previous forums successfully organised by ITE, will become a significant milestone in the development of the Russian oil and gas industry.

M.M. Khasanov

Director for Science
